

# Pongsathon Wongondee

## FRONT-END DEVELOPER

### EDUCATION

Mahidol University  
Medical doctor, Faculty of Medicine  
Siriraj Hospital

### OBJECTIVE

I have been mastering my programming skills as a front-end developer. Having 3 years' experience as a general practitioner, I achieved soft skills such as close-loop communication and reflecting skills. I'm looking forward to becoming a better software developer to deliver a user-focus product.
